

STEP/LITE

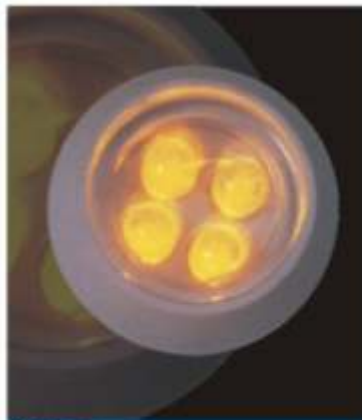

ALWAYS A STEP AHEAD

2-LED 12/24v 20mA 0,25W

Single Plot LED
 Type of LED : Ø5mm.
 Quantity of LED's : 1
 Supply : 12/24V
 Typical Intensity : 2000 mcd
 LED colours : Blue, white, green, red or yellow
 Power : 0.25W (12V) / 0.5W (24V)

4 Plot LED
 Type of LED : Ø5mm.
 Quantity of LED's : 4
 Supply : 24V
 Typical Intensity : 8000 mcd
 LED colours : Blue, white, green, red or yellow
 Power : 0.5W (12V) / 1W (24V)

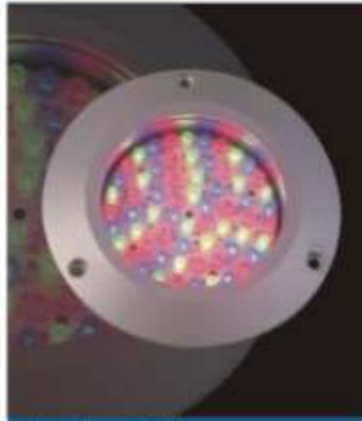

15/19 Plot LED
 Type of LED : Ø5mm.
 Quantity of LED's : 19
 Supply : 12/24V
 Typical Intensity : 10000 mcd
 LED colours : Blue, white, green, red or yellow
 Power : 1.7W (12V) / 3.4W (24V)

30 Plot LED
 Type of LED : Ø5mm.
 Quantity of LED's : 30
 Supply : 12/24V
 Typical Intensity : 20000 mcd
 LED colours : Blue, white, green, red or yellow
 Power : 2.8W(12V)/ 3.36W(24V)

50 Plot LED
 Type of LED : Ø5mm.
 Quantity of LED's : 50
 Supply : 12/24V
 Typical Intensity : 30000 mcd
 LED colours : Blue, white, green, red or yellow
 Power : 5.00W (12V) / 6.24W (24V)

Colour Changing LED
 Type of LED : Ø5mm/1watt
 Supply : 12/24V
 Power : 5.00W (12V) / 6.24W (24V)

PROFILES FOR STEPS & CORRIDORS

SKS 102
 • For Steps • Light Alloy profile
 • Illuminated with LED + Fiber

SKS 201
 • For Steps • Down light profile
 • Illuminated with LED + Fiber

Our world class range of designer LEDs and Steplite theatre lighting systems make the whole cine experience - aesthetic, safe and luxurious. The designer guided illumination adds new grandeur to theatres and showrooms, leaving a dramatic effect on visitors' minds.

SKS Step lighting :

- Anti skid rubber in aluminum extrusion for better grip
- Special fiber optic rod illuminated by high power LED
- Highly cost effective since it consumes just 50/100 watts power for entire theatre.
- Available in wide range of hues red, green, blue, yellow & white
- Tailor made to suit your requirement, easy to install.

- Very long life (Approx. more than 10 years)
- Aesthetically pleasing , maintenance free
- Extremely thin, as compared to box signs
- Vibration-resistant and shock proof, as compared with incandescent bulbs or fluorescent tubes Environment friendly
- Basic available colours: Blue/Green / white/red/yellow.
- Standard size : 270 x 170 mm

SKS LED Signage

- Low power consumption (< 1 watt), voltage ratings of 230VAC

SKS Illuminated Handrail

- Illuminated with LED
- Available in single colour or in colour changing LED.

SKS 301
 • For Ramps • Flat profile
 • Illuminated with LED + Fiber
